

CHAENG cast steel slag pots, reach Indonesia and Germany

Open the door, the world reaches China and China reaches the world. -- Recent year, CHAENG made a big progress on international market, such as the United States, Russia, Brazil and other more than and 50 countries and regions. Since establishment of the International Trade Department, CHAENG has taken part in many international fairs to show our machines and cast steel spare parts: cement/slag production line, new type GRM vertical mill, high-efficiency environment-friendly ball mill, high-efficiency energy-saving kiln rotary; cast steel parts for vertical mill and cement production line, slag pot/ladle, etc.

Many foreign companies came to CHAENG for investigation and made cooperation with CHAENG.

For example, one customers came to visit our factory, investigated slag pot/slag ladle production site and made a cooperation agreement last year.

This year 6 pieces of slag pots ordered by VAI group in Germany has arrived and put into usage.

CHAENG persist to adopt advanced process and systems so as to supply good product and

reliable service for customers. Welcome to contact us at any time !
